## Summary

Front-end Engineer | User Experience & Scalability Enthusiast | TypeScript & React Lover

I'm a dedicated Front-end Engineer with a passion for crafting beautiful and scalable user interfaces. My expertise lies in TypeScript and React, and I'm always hungry to explore new technologies.

Experience: Currently, I'm spearheading the development of the most complex web app within our startup based in Denmark.

Constant Learner: My journey in tech is fueled by curiosity. I thrive on challenges and am always on the lookout for fresh opportunities to learn and grow.

Open to Collaboration: If you're looking for a Front-end Engineer who's as passionate about user experience and scalability as I am, I'm open to exciting new challenges and collaborations

## Experience

### Frontend Engineer

Tryp.com

Aug 2023 - Present (2 months)
